

Dear Doner

Finally I am done with high school thank God! Through out my high school life I was here a needy child. I was never stressed about where am I going to get what. And it is all thanks to you.

I looked up on you with great trust as is if you owe me something and I will do something if you don't deliver. There is not a single year I can think of and say at this point I was disappointed.

I would like to take this opportunity to thank you for each and everything you have done for me. You were not helping me academically but your help had an excellent impact on me. Because with your help I had less things to worry my self about and that lead to the success to my dream of passing my grade 12 that was starting to fade away.

I am working this year but I am planning to study further next year. Because you have helped me I also wanna be the blessing to other people's lives.

May God keep you in clouds of blessings

Yours Faithful: Gronono Luvuyo
